CULTURE OF LIFE STORIESA HAPPY DEVELOPMENT

If you read this newsletter regularly, you are keenly aware of our effort to get new ultrasound machines for three pregnancy centers in Louisiana:

1. [Woman's New Life Center](#) in Baton Rouge
2. [Community Center for Life](#) in Gretna
3. [Women's Help Center](#) in Baton Rouge

We have had several councils in the Baton Rouge Diocese that have made substantial donations to this effort. Nevertheless, the fundraising effort has been very difficult for several months. However, a breakthrough occurred in November that has changed everything.

St. Louis King of France parish in Baton Rouge is closing. As a result, Knights of Columbus Council 9016 will also cease to exist. The council had money set aside in a Home Corporation, so the members went to work to distribute those funds to various charitable causes.

I am very pleased to announce that Council 9016 has donated \$45,000 to allow each pregnancy center to receive an ultrasound machine through the Knights of Columbus Ultrasound Initiative!

Council 8147 in Gonzales, Council 1905 in Gretna, and Council 13632 in Baton Rouge are currently finalizing the paperwork to complete the process with Supreme.

Please say a prayer of thanksgiving to God for this much needed gift for life! I will provide updates as the machines are placed early in 2018.

NO ONE SHOULD BE FORCED TO PARTICIPATE IN ABORTION

Greg Schleppenbach

In early November, three brave nurses came to Washington, D.C. to tell their disturbing stories of coercion to members of Congress and the public about how they were forced to choose between participating in abortion and losing their jobs.

Cathy DeCarlo came to the U.S. from the Philippines in 2001 to advance her nursing career. In 2004, the New York City hospital that hired her assured her that she would never have to compromise her conscience by participating in an abortion. But on May 24, 2009, the hospital tricked Ms. DeCarlo into serving a patient having a late-term abortion. If she didn't assist, she would lose her nursing license, destroying her career.

"I'll never forget that day as I watched in horror as the doctor dismembered and removed the baby's bloody limbs, and then I had to account for all the pieces," Cathy said at a press conference outside the U.S. Capitol. "I still have nightmares about that day."

Fe Vinoya is a nurse in a same-day surgery unit in New Jersey where she and twelve other nurses were told they had to be trained to assist in abortions. Their jobs were threatened if they refused. "After years of working as a critical care and emergency room nurse, I never imagined that the hospital I worked for would force me to choose between taking the life of an unborn child and losing my job," Fe said. "[W]hen the government denies or coerces healthcare providers' conscience[s], it not only hurts patients and those of us committed to serving them, it also deters others from joining the profession," Fe added.

The third nurse, Sandra Mendoza, worked for eighteen years in pediatrics at the Winnebago County Health Department in Rockford, IL. In 2015, Sandra was informed that her clinic was being merged with women's health services and, consequently, all nurses would have to be cross-trained in abortion referrals and abortion-causing drugs. When Sandra objected, she was told that if she didn't participate, she could no longer work at the health department.

"Like many nurses I know... I view nursing as more than just a job, but a calling and a vocation," Sandra said. "I'm called to protect life not destroy it. I'm called to serve others and do no harm, as the Hippocratic Oath I took states. While we may not all agree on abortion, I'd hope we can all agree that no doctor or and nurse should be forced out of employment on account of their faith and commitment to protecting life."

In addition to medical providers and trainees being forced to participate in abortion, churches and others who oppose abortion are being forced to provide insurance coverage for it in a growing number of states. Current federal conscience protection laws are failing to prevent such discrimination due to loopholes and insufficient enforcement mechanisms. This can be solved, but your help is needed.

The Conscience Protection Act (H.R. 644/S. 301) fixes those loopholes and provides victims of discrimination with the ability to defend their rights in court. Contact Congress now through www.humanlifeaction.org to urge your representatives to enact the Conscience Protection Act as part of its Fiscal Year 2018 appropriations bill. Finally, follow and share the #StandWithNurses social media campaign advocating for nurses like Cathy, Fe, and Sandra. Your voice matters!

Greg Schleppenbach is the Associate Director of the Secretariat of Pro-Life Activities of the United States Conference of Catholic Bishops. For more information on the bishops' pro-life activities, please visit www.usccb.org/prolife.

HEALING AFTER ABORTION

Debbie Shinskie, Director of the Respect Life Office of the Archdiocese of New Orleans

The Rachel's Vineyard Retreat Team is looking for a licensed professional counselor who has skills with trauma care. Please spread the word. If you or someone you know is interested, contact Pam Richard at 504-460-9360 or richj504@bellsouth.net.

A DOWNWARD TREND

Louisiana Right to Life

Abortion Numbers Continue on a Downward Trend

The number of abortions performed in the U.S. continues to decline, according to the 2014 "Abortion Surveillance Report" recently released by the U.S. Centers for Disease Control and Prevention.

Relying on reports from state health departments, the CDC reported 652,639 abortions for 2014, down 2% from the 2013 total of 664,435 and nearly 12% from the 2012 total of 730,322. While it provides a snapshot into the downward trend in abortions, this figure does not provide a complete picture of abortion in the U.S. as it does not include abortion data from California, the nation's most populous state, New Hampshire and Maryland.

In addition to the decline in the raw numbers of abortions, the CDC finds that both the abortion rate, (the number of abortions for every 1,000 women of child-bearing age) and the abortion ratio (the number of abortions per 1,000 live births) have declined. In the states included in the report, the CDC found an abortion rate of 12.1 abortions for every 1,000 women aged 15-44. The CDC found a ratio of 186 abortions per 1,000 live births.

More than two-thirds (67%) of abortions were performed at 8 or fewer weeks gestation. The advent of chemical abortions has meant that more and more abortions are performed at earlier gestations. Thus it is not surprising that just over four in 10 (41.1%) were actually performed at 6 weeks or less in 2014. CDC data shows that the number of abortions at 6 weeks or less has risen steadily since 2005.

About a quarter (24.5%) of the abortions occurred between 9 and 13 weeks. The remaining 8.5% were performed in the 2nd trimester or later: 3.3% at 14-15 weeks, 2% at 16-17 weeks, 1.9% at 18-20 weeks, and 1.3% at or beyond 21 weeks.

The CDC shows that 76% of all abortions continue to be surgical abortions (67.4% first trimester, 8.6% at second or third trimester). Most of the rest of the abortions (22.6%) were 1st trimester "medical" (chemical) abortions. An additional 1.5% were chemical procedures performed at 8 weeks or more.

"Though data shows first trimester surgical abortions still dominate the industry, it also shows abortions being performed earlier and earlier, with more and more using chemical rather than surgical methods," said said Randall K. O'Bannon, Ph.D., National Right to Life director of education and research.

PROCLAMATION REQUEST - "RESPECT LIFE DAY"

Karol Meynard, Diocese of Lafayette

The year 2018 marks the 100 anniversary of the Diocese of Lafayette. To commemorate this milestone, Bishop Douglas Deshotel's vision is to have the people of the diocese come together to celebrate "Respect for Life" by participating in one Centennial Pro Life Rally and March for Life. This Ecumenical Pro Life Rally and March, which will feature pro-life speakers and performances by Catholic musician Josh Blakeley, will be held on Saturday, January 20, 2018 from 9:30 am to 11:30 am. in the Quad of ULL Campus in Lafayette. After the Rally, the marchers will procede from the ULL Quad to the Cathedral of St. John the Evangelist, where Bishop Deshotel will welcome them and lead a procession into the Cathedral for Prayer and Benediction.

A pro-life proclamation will be read by Mayor-President Joel Robideaux at the Ecumenical Pro Life Rally proclaiming January 20, 2018 as RESPECT LIFE DAY and October as RESPECT LIFE MONTH in the City/Parish of Lafayette. (*Obtain a copy by sending an email to smistretta2@cox.net.*)

Since our theme for the Centennial Pro Life Rally & March is "Uniting Hearts ... Saving Lives" we are requesting that you contact your mayor's office to ask if he would sign a proclamation declaring January 20, 2018 as RESPECT LIFE DAY and October as RESPECT LIFE MONTH in your individual City/Parish. Your mayor can use the attached proclamation as a sample template.

Once you've obtained the signed Proclamation from your mayor, please email it to me, KMeynard@diolaf.org or TLittell@diolaf.org. If you have any questions, you can contact us at 337-261-5607.

LOUISIANA CHURCHES:
PARTICIPATE IN SANCTITY
OF HUMAN LIFE SUNDAY!

Louisiana Right to Life

sanctity of human *life* SUNDAY

Human Life Sunday is January 21, 2018.

On January 22, 1984, President Ronald Reagan designated the third Sunday of January as National Sanctity of Human Life Day. Churches around our country still use this day to raise awareness about core life issues, such as abortion, euthanasia, assisted suicide, embryonic stem cell research, infanticide and more. Pastors can take this opportunity to teach what the Bible says about the sanctity of human life and what the church can do to minister to the vulnerable in our society.

Do you need help to organize a related event, then [CLICK TO DOWNLOAD](#) the 2018 Pastor Handbook.

The third Sunday of January was chosen because it falls in close proximity to the anniversary of the Roe vs. Wade Supreme Court decision, handed down on January 22, 1973, and legalizing abortion in all 50 states, in all nine months of pregnancy, and for virtually any reason (or no reason at all).

We encourage your church to participate in Sanctity of Human Life Sunday. We have online resources at www.ProLifeLouisiana.org/Sunday to make your observance of SOHLS even more special. You can order free Sanctity of Human Life Sunday bulletin inserts to distribute and download our Sanctity of Human Life Pastor's Handbook, which includes information to help pastors discuss the Sanctity of Human Life more effectively with their congregations. Please take advantage of these materials. Traditionally, Southern Baptist churches observe Sanctity of Human Life Sunday, but our materials are open to all Christian churches.

I've put this [Pro-Life Conversation Guide](#) together to help you easily change hearts and minds this Christmas and, at the very least, plant some seeds! To win, we have to change one heart and mind at a time, and 'tis the season for that!

Through interviews, I've gathered together the advice of some of the best Pro-Life advocates out there. Here is a collection of their best practices.

QUOTES OF THE MONTH

“The fundamental moral principle at stake is that evil may not be done that good may come from it. Although a utilitarian would assert that anything is permitted in seeking the greater good. Christian thought is very clear that some acts (such as intentionally killing an innocent human being) may never be chosen licitly.”

“Women do not have the right to choose an abortion, but they do have the right to make choices about their lives. Nonetheless, if a woman’s right to make free choices about her life comes into conflict with the right to life of the child in her womb, then the right to life should prevail as the more basic and fundamental right. Those who are not alive cannot exercise any freedom—freedom of speech, freedom of bodily movement or any other kind of freedom of the human person.”

VIDEO OF THE MONTH

This short video ([link](#)) with Fr. Michael Champagne breaks down what marriage enrichment should be all about based on his work with couples and his study of the Early Church. Enjoy!

CULTURE OF LIFE RESOURCESWHAT IS A CULTURE OF LIFE?

Culture is the way in which men and women in a community mold or shape a particular way of relating to nature, to each other and to God, thus establishing a typical style of human coexistence.

One of the primary values of the Culture of Life is respect for human life from its beginning at conception until its natural end. When a culture is capable of protecting and encouraging this vision of mankind through its political, social, economic and legal structures, it can be called a culture of life.

Building such a culture not only requires collaboration of society’s leaders, but it is also a duty and a right of all Christians.

YOUR FIRST STOP FOR PRO-LIFE RESOURCES IN LOUISIANA

Louisiana is one of the more pro-life states in the union. That is no accident, and continuous efforts are needed to avoid losing ground. While the attacks on the human person are global, we should start our efforts locally. There is no better place to look for help than Louisiana Right to Life (<http://www.prolifelouisiana.org/>). Their web site includes a number of helpful resources and their staff is ready to help you. They also provide pro-life speakers and presentations, free of charge, for your council meetings, banquets, and other events. I encourage all councils to contact Louisiana Right to Life and find out how they can help you build a Culture of Life in your community.

PRAYER OF THE MONTH**Prayer to End Abortion**

Lord God, I thank you today for the gift of my life, and for the lives of all my brothers and sisters. I know there is nothing that destroys more life than abortion, Yet I rejoice that you have conquered death by the Resurrection of Your Son.

I am ready to do my part in ending abortion. Today I commit myself never to be silent, never to be passive, never to be forgetful of the unborn.

I commit myself to be active in the pro-life movement, and never to stop defending life until all my brothers and sisters are

protected, and our nation once again becomes a nation with liberty and justice not just for some, but for all.
Through Christ our Lord, Amen!
